Call for presentations of sustainable educational buildings in the Mediterranean region

We inform you that on the initiative of the **SD-MED Association** founded on the philosophy of the European LIFE-Environment Project "SB-MED" 2004-2006 an International conference entitled "**Sustainable Construction: action for sustainability in the Mediterranean region**", hosted by the International organisations **iisBE, CIB, UNEP, OECD** and the **SB05Tokyo** Organisers and co-hosted by the LIFE beneficiary (Municipality of Athens Development Agency) will be held in Athens, at **Zappeion Congress and Exhibition Centre**, on the 9, 10 and 11th June 2005, under the auspices of the Mayor of Athens and the Central Union of Municipalities and Communities of Greece. The second call for papers, which includes details regarding the conference, is attached to this document. The official languages of the conference will be **Greek, English and French** and simultaneous translation will be provided.

During the conference, a project presentation of sustainable educational (school, lyceum etc) buildings will be organised. The projects can be either already completed or in plans. The best projects will be awarded from an **international scientific committee** in the end of the conference. The type of award will be announced in a future correspondence. **The plans, photographs and accompany text will be presented in A0 posters.** The number of the posters for each project is to be decided from the contributor. All the posters will be included in the proceedings of the conference.

The participation cost is 350 euros and covers the registration fee of the conference, and any lunches and refreshments during the breaks; however a different cost will be set for students who would like to present a design project.

We would appreciate if you could circulate this announcement to any interested parties.

We would be mostly happy to welcome you in Athens !

With best regards

Dr Stella KYVELOU
Architect-Planner
